Connect to the Wireless Network

Android and iOS

1. Tap **Settings**.
2. Tap **Wi-Fi**.
3. Select **UWEC** from the list to connect.
4. If it is an option, select **connect automatically**.

macOS

1. Click the wireless icon in upper-right corner of your screen, to the left of the volume icon.
2. Select **UWEC** from the list.
   
   You should now be connected to the UWEC network. No further registration is required.
Windows

1. Click the wireless icon in the bottom-right corner of the screen.
2. Select UWEC from the list to connect to it.
