

Registration: Degree Verification for China 1-2-1 Students

Last Modified on 07/14/2022 3:13 pm CDT

China 1-2-1 students are working on a degree from their home University and UW-Eau Claire simultaneously. After 2-3 years at UW-Eau Claire, they return to China for their final courses.

In China, all degrees are awarded in June. These students earn their UW-Eau Claire degree the following August. Occasionally one of these students will request verification that their UW-Eau Claire degree has been awarded *before* their degree has been conferred. Please provide them with the standard "candidate for graduation" verification.

Refer any further email requests or questions to Degree Review: degreereview@uwec.edu. Phone and in-person questions can be directed to Degree Review in Blugold Central -- 36-2280.
