

# Publisher: Saving as a PDF

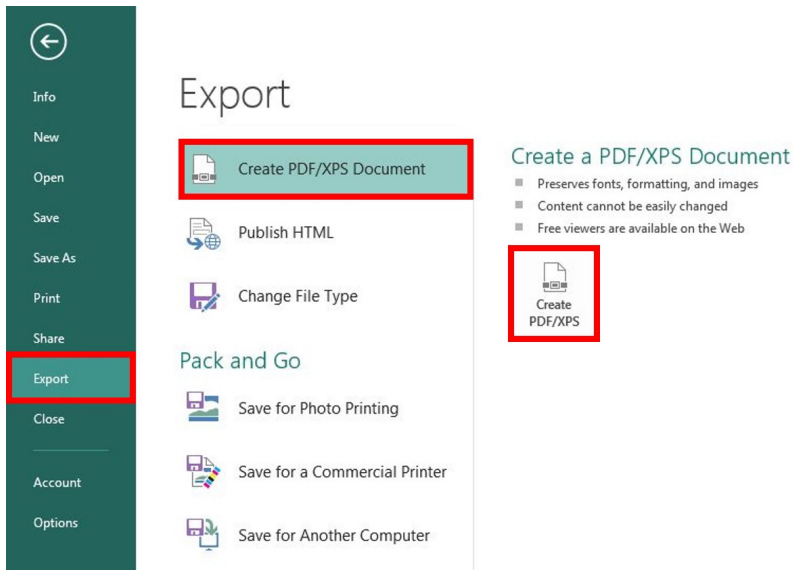

Last Modified on 01/19/2021 2:13 pm CST

Saving a document as a PDF saves the formatting of the file and makes it accessible to any computer. It is crucial to save a finalized Publisher project as a PDF so the formatting does not get changed and everyone can open the project on their computer. However, not all computers are equipped with the Publisher program, and Mac computers cannot have the Publisher program.

1. Click **File**.

2. Select **Export** from the side bar.
3. Click **Create PDF/XPS Document**.
4. Click **Create PDF/XPS**.

5. Name your document, and select the location where you would like to save it.
