

# Purchasing: Windows Configurations

Last Modified on 01/26/2023 10:12 am CST

**Notice:** Like other manufacturers, Dell is experiencing difficulty getting some components used in the production of their systems which has been pushing arrival times back to several weeks. In addition, component constraints may lead to price adjustments with very little notice. Please keep this in mind when preparing to order Dell equipment.

If you are looking for information regarding personal purchases and discounts, please consult the [Personally Owned Technology](#) page.

Items listed on this page are for University purchasing only.

All computer prices include a \$50.00 LTS setup fee. Displays and docks have no additional fees.

If you have any questions, contact LTS Consulting - [ltsconsulting@uwec.edu](mailto:ltsconsulting@uwec.edu) | 831-1367
