

Purchasing: Apple Configurations

Last Modified on 09/14/2021 2:34 pm CDT

Notice: Unlike other manufacturer's, Apple is not experiencing the same delivery delays for their hardware due to component shortages. Regardless, departments are strongly encouraged to order their end-of-year computers immediately if they wish to ensure they are invoiced within this fiscal year. Apple does not invoice until the order ships.

If you are looking for information regarding personal purchases and discounts, please consult the [Personally Owned Technology](#) page.

Items listed on this page are for University purchasing only.

All computer prices include a \$50.00 LTS setup fee and iPads include a \$25.00 LTS setup fee.

If you have any questions, contact LTS Consulting - itsconsulting@uwec.edu | 831-1367
