Travel: International Guidelines

Travel Documents

All travel outside of the United States requires a passport and may require a travel visa or other entry documents depending on your citizenship and/or the laws of the host country.

UW System Visa Assistance Provider/CIBT Visa

Health/Safety Preparation

University travelers are strongly encouraged to research the health conditions of the host country and take necessary precautions. Some travel-related immunizations must occur several weeks prior to arrival in country to be fully effective, so plan ahead.

CDC Traveler’s Health

Safety Abroad

CISI Insurance

Students traveling internationally on university-related activity are required to enroll in the UW System CISI Insurance, which is an international health insurance and emergency assistance plan. Faculty/staff are strongly encouraged to enroll. Please contact the UWEC Center for International Education (Schofield 3) to enroll in the policy by calling 715-836-4411 or emailing studyabroad@uwec.edu.

Travel Warning
Countries under U.S State Department Travel Warning require UWEC students and, in some cases, UWEC faculty/staff to comply with the UW-Eau Claire Travel Warning Procedure. In all cases, students are required to sign an Acknowledgement of Risk. In some cases, students traveling to travel warning countries is not allowed. In some cases, faculty traveling to travel warning countries requires the Chancellor’s approval.

Other Resources

Travelers can find more resources related to international travel on the UW TravelWise page.
