

Student Forms: Geography Anthropology Internship Application

Last Modified on 12/13/2019 4:31 pm CST

The Geography and Anthropology internship form is designed to make the workflow easier for both the student as well and the others involved. The student initiates the form and from there it will work its way through the process going to the Internship Facilitator and director. The ADA will be notified to give permission to register. The internship sponsor site will approve this and provide the time and job description. At the end of the internship, the student will provide an evaluation as well as the sponsor site. The Internship director will assign a grade and all will be notified the internship is complete. This process will allow us to gather all the metrics we need to continue to build a successful internship program.
