

Services: UWEC Directory

Last Modified on 05/06/2022 2:18 pm CDT

UW-Eau Claire's Directory allows anyone to look up the contact information of students, staff, and faculty of the University. This information is compiled by the Registrar and Human Resources and lists a person's name, email, office, and office phone number.

Inaccurate Listing Information?

If your information is inaccurate or missing from the Directory, follow these steps.

Faculty/Staff

UW-Eau Claire employees can request changes or updates be made to their profile on the UWEC website directory. This is a helpful tool when switching office locations, changing a phone line extension, adding credentials, etc. To request changes or updates be made to the employee profile, the employee, administrative assistant or supervisor will send a request to Human Resources (humanresources@uwec.edu or 715-836-2513). Please include the employee's (updated) Username, Office Number, and Phone number, as well as any additional changes to be made.

Students

Students receive an email at the beginning of each semester from the Registrar office where they can update their contact information. If students find an error with their contact information, contact Blugold Central (715-836-3000) or print / submit a [Name Change Form](#).

NOTE: You must provide Blugold Central with legal documentation to prove your identity.
