

CampS: How to Read Your Undergraduate Degree Audit - LE (Students)

Last Modified on 04/19/2022 3:53 pm CDT

This article describes how to read a degree audit for a student enrolled in an undergraduate program. If you are advising a graduate student, refer to [How to Read an Advisee Graduate Degree Audit](#).

A degree audit lists of all the requirements you will need to graduate, and shows which ones you have satisfied.

CAUTION: Requirements vary by degree and major, so make sure your major and degree (B.A. or B.S., for example) is correct.

Request a Degree Audit

1. Log in to *CampS*.
2. Go to the **Academic Progress** tile.
3. Select **Degree Audit** from the options on the left.
4. Select **View Report as PDF**

The screenshot displays the CampS interface for a student's degree audit. On the left, a navigation menu includes 'Academic Progress', 'Advisors', 'Degree Audit' (which is highlighted in green), 'Degree Audit - What-If', and 'Apply for Graduation'. The main area, titled 'My Academic Requirements', shows the 'Degree Audit Report' for 'UW-Eau Claire | Undergraduate'. It indicates the report was last generated on 09/22/2021 at 9:53 AM. There are three buttons: 'Collapse All', 'Expand All', and 'View Report as PDF', with a red arrow pointing to the PDF button. Below these buttons is a status bar with 'Taken', 'In Progress', and 'Planned' indicators. The report content consists of several blue bars with text: 'FEDERAL LAW PROHIBITS SHARING THIS INFORMATION WITHOUT STUDENT PERMISSION', 'WARNING: 2021 CATALOG REQUIREMENTS HAVE NOT BEEN CODED', 'NON-DEGREE COURSEWORK LIMIT', 'CLICK "VIEW REPORT AS PDF" FOR PRINTER FRIENDLY VERSION', 'COLLEGE: EDUCATION AND HUMAN SCIENCES - CATALOG: 2021', and 'SUMMARY OF COURSES'.

Use the PDF Version

The degree audit can be viewed as an interactive on-line degree audit or as a PDF. The PDF contains information that is not visible on the online version. **Use the PDF whenever possible.** There may be a short delay for the report to appear. You may also need to disable your pop up blocker first. Check your college, majors and minors on the top of the report. If these are

not correct, you can get a “what if” degree audit. You should also change your incorrect plan by going to the department offering the correct major or minor.

Organization of the Degree Audit

The first column of the degree audit is a set of reminders about the degree audit. Note especially that **in progress courses will be treated as if you have completed them** . A requirement will appear as completed, even if you have not finished the course.

The reminders are followed by a summary of courses, showing completed and in progress courses in various categories.

NOTE: The degree audit stops counting when there are enough credits to fulfill a requirement. General education requirements include 9 credits of social science. If you have 15 credits in social science, only 9 credits will appear under the GE-III social science requirement. The only way to see the additional courses is through the course summary at the top.

After the course summary, the degree audit will list all requirements in requirement groups.

- If one or more of the requirements within a group is not complete, you will see red:

* **UNIVERSITY REQUIREMENTS**

Overall Requirement Not Satisfied: UNIVERSITY REQUIREMENTS - COLLEGE OF ARTS & SCIENCES (RG-11364)

- Individual requirements that are not complete look like this:

* → **Upper Division Credits**

Not Satisfied: Upper Division Credits - 39.00 Credits Required (LN-010)
- Units: 39.00 required, 0.00 taken, 39.00 needed

- Completed requirements don't draw so much attention:

** **UNIVERSITY GRADE POINT REQUIREMENTS****

Satisfied: UNIVERSITY GRADE POINT REQUIREMENTS (RQ-11151)

The degree audit is organized from the most general to the most specific requirements.

I. University wide requirements:

- Total credits (120 needed to graduate)
- Resident and total G.P.A.
- Upper division (39 credits needed)
- Residency Requirement

II. Liberal Education Core

- Total Liberal Education credits - 36.00 required
- Knowledge goals - Natural Sciences, Social Sciences, Humanities, Fine Arts
- Skills goals - Written and oral communication, Writing Requirement, Mathematics Requirement, Creativity
- Responsibility goals - Equity, Diversity and Inclusivity, Design for Diversity, Global Perspectives, Civic and Environmental issues
- Integration goal
- Service Learning

III. College Requirements

Arts and Sciences - 90 credits in the College; other competencies for BA or BS degree

Business - Proficiency requirements, credit requirements, professional development program

Education - Teacher education certification requirements

Nursing - Required courses in addition to the major

IV. Admission to program information, if applicable

V. Major, minor and/or certificate requirements

Requesting a What-If Degree Audit

1. Select ***Degree Audit - What If*** from the left menu options under the **Academic Progress** tile.
2. Click **Create New Report**.

3. Select *Catalog Year* – only catalogs available to you will show as options.
4. Under *Academic Program* select the college.
5. Click on the magnifying glass for "**What if Plan**". Click on the heading "Description" and the plans will be in alphabetical order. Choose one.

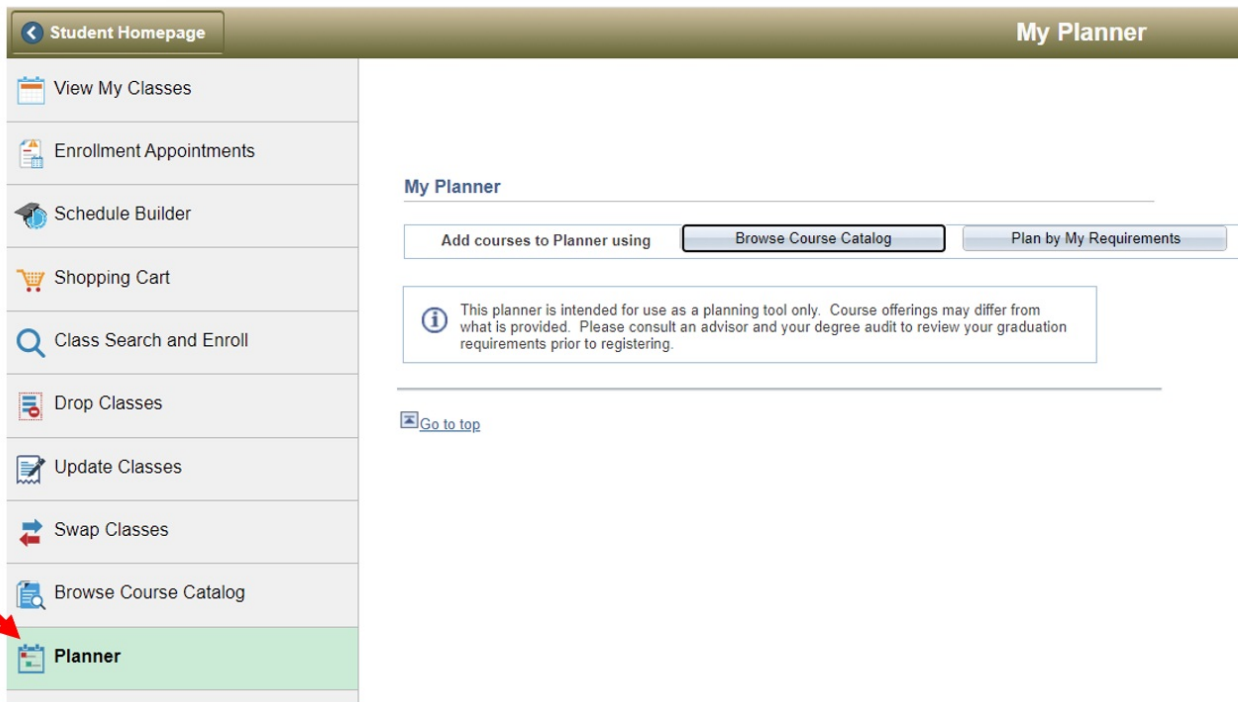

Academic Program	What If Plan	Description
Educ & Human Sci - Undergrad	060057PRE	Music, Instrum/Gen Tch PRE
	NONE	

6. If you would like to pick a minor or second program, click on the second magnifying glass.
7. Click **Submit Request**.
8. Click **View report as PDF**.

Planning Audit

You can also use the degree audit to help you plan your four years here. *Don't forget to REMOVE courses from your planner when you register for them, or when your plans change.*

Log into CampS and select the **Manage Classes** tile.

Enter courses into your planner using the **Browse Course Catalog** button.

My Planner

After you have entered planned courses, click the **Plan By My Requirements** button. You will see a degree audit with the planned courses included. Planned courses are treated as in progress courses here.

It is not possible to do a “what if” planner degree audit.

Online Version

If you must for some reason use the online version, keep these things in mind. The following icons are used:

 Taken  In progress

I. Opening and Closing Requirement Groups

When you first open your degree audit, any requirement that has been completed will be collapsed: you will not be able to see the courses used to fulfill the requirement. You can open or close requirement groups by clicking on the green arrows. ▼

[Reason #1 to use the PDF - you can inadvertently close something in the online version and THINK it is satisfied when it is not.]

TIPS:

- Click on **Collapse All** when you first open your audit. This will allow you to see your college and major. CHECK THIS TO SEE IF IT IS ACCURATE. If it is not, you should get a “what if” degree audit—see above. You should also change your major by going to the department your desired major is in.
- Open one requirement group at a time. This will make the degree audit seem less overwhelming.

Within most requirement groups there are many individual requirements. These will also be collapsed if they have been met. To see what courses are being used for the requirement, click the arrows to open the requirement.

II. Only 10 Courses Show Up

Only 10 courses will show in any list. You must click on “view all” to see all of the courses.

Course	Description	Units	When	Grade	Status
MUSI 154	APPLIED VIOLIN	1.00	2014-15 Fall Semester	IN	◆
MUSI 155	APPLIED VIOLA	1.00 - 4.00	Fall, Spring		
MUSI 156	APPLIED CELLO	1.00 - 4.00	Fall, Spring		
MUSI 157	APPLD DOUBLE BASS	1.00 - 4.00	Fall, Spring		
MUSI 158	APPLIED FLUTE	1.00 - 4.00	Fall, Spring		
MUSI 159	APPLIED OBOE	1.00 - 4.00	Fall, Spring		
MUSI 160	APPLIED CLARINET	1.00 - 4.00	Fall, Spring		
MUSI 161	APPLIED BASSOON	1.00 - 4.00	Fall, Spring		
MUSI 162	APPLIED SAXOPHONE	1.00 - 4.00	Fall, Spring		
MUSI 163	APPLIED TRUMPET	1.00 - 4.00	Fall, Spring		

View All | First | 2-10 of 15 | Last

[Reason #2 to use the pdf. On the online version you may THINK you have taken all required courses if you have taken 10 but more are required.]

III: Interactive Features

If a requirement is met by a limited number of courses, the degree audit will give you a list of possibilities. You can then:

- Click on the course title hyperlink to get to the catalog description.

- If the class schedule is available, you can choose a section of the course that you want and put it in your shopping cart.
-
