Starting a New Student Organization

UW-Eau Claire has nearly 230 student organizations on campus and the UW-Eau Claire Student Senate encourages all students to follow their passion. If you have an idea for a student organization and something similar doesn't already exist on campus, you can apply for official UWEC student organization recognition between September 1st and November 30th each fall.

The Student Organizations Commission of the UW-Eau Claire Student Senate has the authority to recommend to the Activities, Involvement, and Leadership office the granting and suspension of recognition for all campus organizations, and to recommend policies governing the operation of all student organizations. Any group of students proposing to form a new campus organization must meet all of the Student Organizations Commission and UW-System regulations and requirements. The Activities, Involvement, and Leadership Office will make the final determination regarding which organizations will become a UWEC recognized student organization (RSO.).

Request a New Student Organization

Before You Start:

Please note that not all new student organizations will be approved, based on several factors, including but not limited to the number of similar organizations, the interest and sustainability, and the use of campus resources. *The New Student Organization process is a Fall semester process only.* Applications are accepted for a limited time each fall semester (Sept. 1 - Nov. 30.)

Questions to consider before applying:

1. Does your organization overlap with any existing organizations and what makes it different from similar organizations?
2. Does your organization meet the current constitution guidelines for recognition?
3. Is your organization sustainable? Do you have members and interest to keep the organization going from year to year?
4. Why does UWEC need this organization you are proposing?
5. What resources will your organization require and can the UWEC Senate/University support your needs?

*NOTE: Certain types of organizations may require further vetting and approvals from other departments or administrators as well as additional recognition processes. This includes but not limited to Club Sports and/or chapters of National Organizations.*

Application Steps:

1. Sign into Blugold Connect - UWEC's new online student engagement platform using your UWEC credentials - **REQUESTS MUST BE MADE BY A CURRENT UWEC STUDENT** (faculty or non-student request will automatically be denied.)
2. Click on the Organizations tab to review all currently recognized UWEC student organizations to ensure that there isn't a student organization that already exists with the same purpose. The Student Organizations
Commission has the authority to deny your request if a similar student organization is already established at UWEC.

3. If it is determined that another student organization does not exist with the same or similar purpose, **you will need to prepare the following items prior to moving on to step 4:**
   1. Create and submit your organization's constitution form (which is housed within the Blugold Connect system)
   2. Secure a current UWEC Faculty/Staff member who has agreed to serve as the organization's advisor.

4. Once your constitution form has been **APPROVED** by the Student Organizations Commission, you will need to complete and submit the online **ORGANIZATION REGISTRATION FORM.**

5. Complete all required registration fields.

6. Click **Submit.**

Upon receiving the completed request, the organization will be placed on **Provisional Status Information** for up to six weeks while the Student Organizations Commission of the Student Senate reviews the request in its entirety to ensure all requirements have been met.

During the Provisional Status timeframe, the student organization will be allowed to do the following:

- Reserve meeting rooms - facilities may be used only for the purpose of forming the organization. Privileges of financial solicitation, presentation of speakers, social events (including the Blu's Orgs Bash), etc. are reserved for fully RSO's (Recognized Student Organizations) only.
- Set up tables in the Davies Center for recruitment purposes only.
- Utilize bulletin board space (to display posters) and digital advertising to conduct membership drives.
- Utilize an assigned mail slot & workshop located within the Student Organizations & Leadership Center (220 Davies Center).
Any organization violating its provisional status will have their organization immediately revoked. The organization may start the New Organization Registration request process over again if it falls between September 1 - November 30. The decision to revoke status will be made by the Student Organizations Commission of the Student Senate or the Activities, Involvement, and Leadership office. The decision of the Student Organization Commission may be appealed to the entire Student Senate.

**IF ALL NEW STUDENT ORGANIZATION REGISTRATION REQUIREMENTS ARE NOT MET:** The group shall be granted an additional time-period in which to revise the registration/constitution information and resubmit it for a second review.

**IF ALL NEW STUDENT ORGANIZATION REGISTRATION REQUIREMENTS HAVE BEEN MET:** The Student Organizations Commission will make a recommendation to the Activities, Involvement, and Leadership office who will then make the final recognition determination. Upon approval by the Activities, Involvement, and Leadership office, the group shall be registered as an officially "recognized student organization" (RSO.)
