# Kaltura: Video Uploads from Mobile (Students)
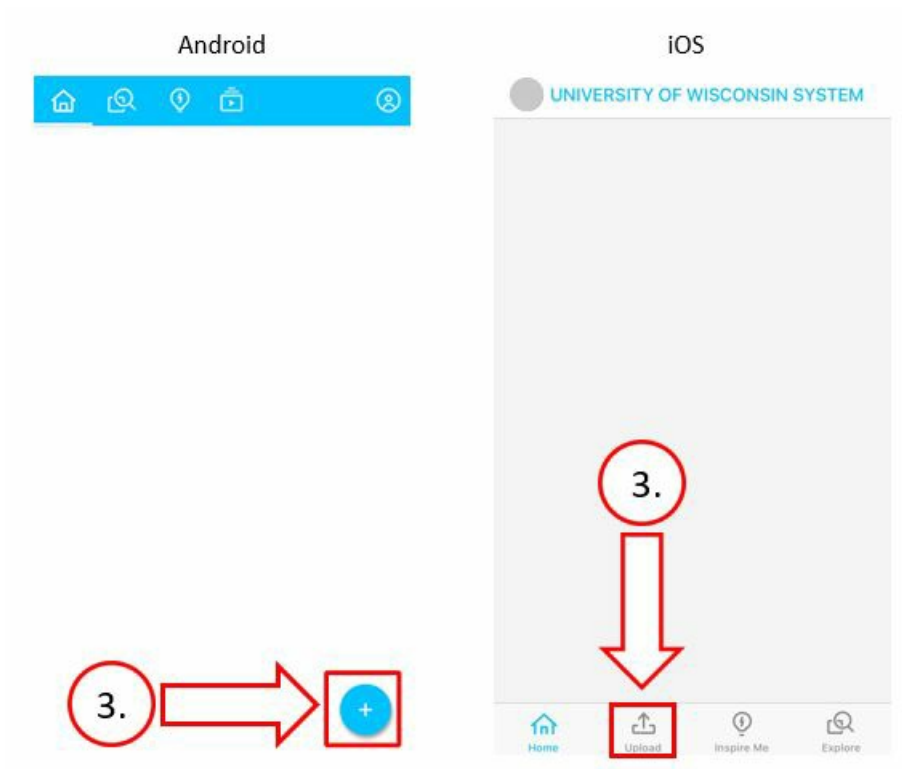

Last Modified on 04/19/2022 3:56 pm CDT

You can record, upload, and share media to email or Canvas using Kaltura MediaSpace Go (KMS GO) on an Android or iOS mobile device.

1. Open the **KMS GO** app (If you do not have it, it is available for free on Android and iOS devices).
   *NOTE: For iOS devices, search for **Kaltura MediaSpace Go** in the app store. Do not download Kaltura MediaSpace.*

2. Type in the site address: **https://mediaspace.wisconsin.edu**.
3. Select **plus sign** (Android) or **Upload** (iOS).

7. Click **Next** (Android) or **Done** (iOS).

8. Type in your title.

9. Click **Upload** (Android and iOS).

10. Agree to Disclaimer.

11. Option A: Publish your video later.

    Option B: Publish your video (by publishing you can easily share a URL via email or Canvas)

12. Select **Unlisted** (anyone with the link will be able to view the video).

13. Click **Update** (Android and iOS).

14. A dialog box appears saying *Would you like to copy the media URL to clipboard?* Select **YES.**

15. Open your email or Canvas account to share your URL (anyone with the link will be able to view the video).

    TIP: To paste the URL press and hold within the dialog box of your email or Canvas account.

How to access My Media after uploading your videos:

1. Click the **person icon** (Android & iOS) in the top corner of your screen

2. Click **My Media** to access uploaded videos.

3. Select the media you want to share.

4. Click the **3 dots** (Android and iOS) located at the bottom right hand of the screen.

5. Select one of the file options listed below.

    1. ***Download Media*** - save your video to your phone's camera gallery.

2. ***Share entry*** - share your media via email.
3. ***Save to Watch Later*** - add to your list of videos to view at a later date or time.
4. Edit entry - change the video title, add a description, change publish settings, add tags, and delete the video.

   *NOTE: Under the publish settings select **Unlisted** to make your video shareable.*
