

Using GitLab: Getting Started

Last Modified on 12/12/2018 10:10 am CST

1. Read up on [GitLab flow](#)
 2. Familiarize yourself with [UWEC flow](#), our flavor of GitLab flow
 3. Check out this graphic of [the UWEC agile development process](#) to see how UWEC flow fits into the bigger picture
 4. If you're new to GitLab (or git in general), [download the GitLab Cheatsheet](#)
 5. Setup your [local development environment](#) according to the specific project
 6. Get to work!
