

Policies: University Building Coordinator Policy

Last Modified on 08/23/2023 3:08 pm CDT

This policy was created to establish a process for identifying a Building Coordinator for each campus building and to define the Coordinator's responsibilities. During major emergencies and disasters, it is very difficult to communicate with every building on campus. The Office of Risk Management, Safety and Sustainability developed the Building Coordinator program to help streamline this process and provide a point of contact for each building.
