

Telephone: Changing Cell Phone to Computer for Cisco Jabber Calls

Last Modified on 04/19/2021 10:08 am CDT

The following are instructions to walk you through how to change the device on which you would receive calls while using Cisco Jabber.

1. **Start** Jabber, and login
2. **Navigate** to the bottom of the “Calls” Screen in Jabber

3. **Click** on the icon in the lower right-hand corner, it will either look like the one above, or will have what looks like a desk phone, telephone handset, or computer, depending on what has been chosen.

- a.  Desk Phone
- b.  Handset (will use your Cell Phone)
- c.  Computer

4. **Select** the device you would like for calls.
