

Policy: Facilities Fire Prevention & Emergency Action Plans

Last Modified on 02/16/2022 10:44 am CST

This fire prevention & emergency action plan is to provide basic emergency evacuation procedures to Facilities staff and/or employees actions for fires, accidents, violent storms, chemical spills, or any other catastrophe. This policy is also intended to help reduce or eliminate potential fires in the workplace such as fire safety awareness of all employees by recognizing, reporting, and controlling potential fire hazards.
